MICHIGAN CAREER AND TECHNICAL INSTITUTE (MCTI) Vocational Education Programs

Automotive Technology

Students are trained in the diagnosis and repair of brakes, suspension, electrical, heating/air conditioning, and engine performance systems. Skills and knowledge gained through training enable students to test for national and state certifications. Career Choices: General Maintenance, Suspension and Steering Technician, Brakes and Braking Systems Technician, Electrical Systems Technician, Engine Performance Technician and Heating/Air Conditioning Technician.

Business Support Specialist

Students work on various computer projects learning to compose and edit business documents. Each student works at his/her own pace in an office setting to learn the computer skills necessary to function productively on the job. There is an emphasis on communications, accounting, telephone skills, and human relations. Career Choices: General Office Clerk, Accounting Clerk, Administrative Assistant, and Business Support Specialist.

Cabinetmaking

Students are trained in the operation of state-of-the-art CNC panel processing equipment, spindle moulders, profile grinders, and numerous other woodworking machines. Students work on individual as well as production projects. Career Choices: Wood Finisher, Machine Feeder/Off-Bearer, Machine Operator, Machine Operator/Setter, Wood Machinist, Moulder Operator/Setter, Tooling Grinder, CNC Operator, Cabinetmaker/Bench Carpenter, and CNC Programmer.

Culinary Arts

Students prepare for a career in the food service industry. They operate the Pine Cove Restaurant on campus and work in the school cafeteria, where they learn large-quantity food preparation and serving. The program is accredited by the American Culinary Federation's Secondary Accrediting Committee. Career Choices: Utility Worker, Food Service Worker, Cook's Helper, Line Cook, Prep Cook, Sous Chef

Custodial

Students train to be building and commercial custodians. Through the use of up-to-date equipment, students apply the skills learned at on-campus job stations. They receive extensive hands-on training and practice in daily cleaning and stripping of floors, restroom sanitation, daily carpet cleaning and shampooing, following work schedules, keeping inventory and performing some supervision duties. Career Choice: Custodian

Drafting

Students develop technical drawings and learn drawing techniques essential to the drafting field. Students will complete numerous technical drawings and learn the technical vocabulary associated with drafting. Career Choices: CAD Operator, Detailer, and Designer.

Electronics

Students learn entry-level skills appropriate to most electronics businesses and industries. 75 percent of the student's time is spent in the lab with hands-on training exercises. Career Choices: Cable and Wire Technician, Electronics Technician, Alarm Systems Technician, Consumer Product Technician, Industrial Electronics Technician, Telecommunication/BPL Technician, and Broadcasting Technician.

Grounds Maintenance/Landscaping

Students work as a crew and gain actual experience working on the school campus. They use power equipment and tools to mow and trim the lawn, trim and prune hedges and bushes, and plant trees, shrubs, and flowers. In the winter months, they gain experience in snow and ice removal using plows and a variety of hand tools. The students also maintain the equipment. Career Choice: General Grounds Maintenance Worker and Grounds Maintenance/Landscaping Technician.

Health Careers – Certified Nursing Assistant

Students receive hands on instruction in patient care, documentation, and medical equipment. They learn to care for patients in a caring and compassionate manner. Students learn both basic and advanced patient care techniques first in a simulated lab environment and then have a clinical rotation in an actual nursing home. Career Choice: Certified Nursing Assistant

Machine Technology

Students learn to operate various kinds of machines, including lathes, milling machines, and grinders. Students use hand tools to layout, finish, fit and assemble parts. Students also learn to set up CNC lathe, mill and wire EDM. Career Choices: Machine Operator, Machinist and CNC Operator.

Office Automation

Students spend approximately 30 hours a week maintaining and repairing office management systems, computers, copiers, printers, cash registers, fax machines, and other office equipment. Depending on interest and ability, students may learn HTML and computer programming. A+ certification is offered. Career Choices: Electro-Mechanical Technician, Copier/FAX Servicing Repair, Computer and Peripheral Servicing and Repair, and Network Essentials (Network and Certification Preparation)

Printing

Students develop job competencies while operating specialized printing equipment to produce brochures, business cards, forms, and other printing for the school and various other organizations. Career Choices: Prepress Technician, Offset Press Operator, Flexo-graphic Press Operation and Bindery/Finishing.

Retail Marketing

Retail Marketing students operate the Eagle Shack, the on-campus store. Students learn customer service/personal selling, cash handling, inventory control, merchandising, and promotion/advertising. Career Choices: Sales Associate and Sales Supervisor.
